

Automatic Wire Closer
with Smart Detect System

**Automatically
Detects & Closes
All Wire Sizes!**

Smart Detect System
Automatically detects and closes different sized wires with a simple press of a button.

Built-In Safety Sensor
The safety sensor is built into the closing system for safe and trouble-free closing without risk of injury.

LCD Control Panel
The LCD display and Micro-Adjust keypad guarantees a perfect closure with all wire types and brands.

3:1 or 2:1 Pitch
Compatible with all 3:1 and 2:1 wires, up to 1-1/2".

AKILES FlexiCloser [AUTOMATIC WIRE CLOSER]

The Akiles FlexiCloser is the world's first Automatic Wire Closer with the Smart Detect System. The unique Smart Detect System allows the FlexiCloser to automatically detect and close 3:1 or 2:1 wires with the simple push of a button.

Smart Detect System

The closing plate automatically detects the wire size and adjusts the closing pressure as needed.

LCD Control Panel

Easy to read display and touch sensitive buttons make the machine easy to operate.

Magnetic Back

Aligns and holds the wire securely in place during the closing process.

Safety Sensor

The built-in safety sensor provides safe and trouble-free closing, without risk of injury.

FlexiPunch Mount

Optional mount allows the FlexiCloser to be mounted on top of our FlexiPunch Modular Punch Machine.
