MADE THE RIGHT DECISION**

MS-5 MULTIPLE-SPINDLE DRILL

The MS-5 is designed and engineered by Challenge, which introduced the first paper drill in the Graphic Arts industry in the early 1930's. Today, the MS-5 builds on our expertise with drilling technology. The easily accessible control panel and powerful hydraulic operation are designed to reduce operator fatigue and increase job production. The MS-5 is solidly built, and ready to finish your jobs effectively. Contact your authorized Challenge products dealer today for more information.
