

SP1360

**1** The ability to run up to 360 gsm media ensures the SP1360's flexibility of handling a wide array of printing applications, from envelopes, double-sided brochures, to business cards and more. The SP1360 is the industry leader in short run work with its fast print speed and stunning color quality and depth.

**2** Optional 2nd tray and high-capacity feeder (with casters) increase paper capacity to 2,950 sheets max.

**3** The newly designed SP1360 Envelope Feeder simplifies job setup while delivering both high levels of production and reliability. It feeds the broadest range of envelope sizes from A2 to 13" x 15". The straight through print path handles envelopes and ultra heavy card stocks (up to 360 gsm) with ease.

**4** The SP1360 auto sequencing Delivery Conveyor allows for unattended operation while printing the most complex print jobs.

## SP1360 Highlights:

- Print speed up to 50 ppm Color and Mono
- Microfine toner engineered for sharpness and crispness, with a high-quality finish
- True 1200 x 1200 dpi resolution
- High-capacity toner: up to 38,000 pages
- Prints on a wide range of media, including envelopes, magnetic media, polyester, transparent film, and heavy stock up to 360 gsm
- Handles 3" x 5" cards to 52" banners
- Supports tabloid extra (12" x 18") and Super-B (13" x 19")
- 2 GB memory, 1 Gigabit network and duplex (2-sided printing) standard
- Easy front access to toner cartridges and image drums
- High-resolution color LCD display panel with alphanumeric keypad
- Low total cost of ownership (TCO)
- Paper capacity expandable to 2,950 sheets
- 1 year limited warranty

The SP1360 is a professional-quality device that creative, opportunity seeking Print Production Houses, Design Firms and Specialty Print Shops have been looking for: it's fast, affordable and easy to use with a media flexibility unmatched by ordinary color printers.

High-definition color is the standard for the SP1360. HD Color renders deeper, more saturated colors, finer detail and more precise toner placement than ordinary color printers:

- Multilevel LED printheads control the amount of toner applied to each 1200-dpi dot, preserving fine image detail and maximizing color fidelity
- Microfine toner engineered for sharpness and crispness, with a high-quality finish
- Single Pass Color™ technology improves color registration for all paper types and weights
- Printer control system adjusts for sharp, clear images every time

The SP1360 lets you extend your inhouse printing and presentation capabilities from the expected to the extraordinary. This affordable printing device, with its ease of use and low total cost of ownership, enables you to produce stunning documents, offer new services, be competitive, and grow your business.

Users can get an instant read on the SP1360's status via the color LCD display, with its easy-to-read messaging and graphics. The alphanumeric keypad makes entering commands a snap. And the front-accessible compartment makes replacing consumables quick and easy, taking only seconds to switch out used toner cartridges or image drums.

## 2 Base Configurations Available

### High Capacity Trays (4 Tray Total)

Item Number	Description
SP1360W	SP1360W 5-Station (CMYKW) Printer
45530802	High Capacity Tray (3 in 1)
46561601	Envelope Feeder
46561701	Exit Conveyor

### Printer Cabinet (1 tray)

Item Number	Description
SP1360	SP1360 4-Station (CMYK) Printer
70065701	Printer Cabinet
46561601	Envelope Feeder
46561701	Exit Conveyor
