

M FOLDERS

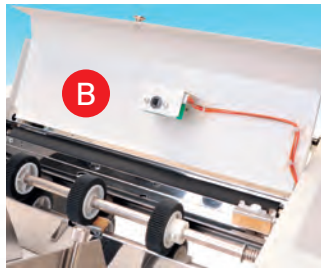

508A

The 508A Folder offers an automatic 3-roller friction feed system, pre-programmed with 18 standard folds and 24 custom folds. Its advanced features include automatic adjustments, paper size recognition, quiet operation, and optional scoring and perforating units for versatile finishing options.

A TOUCH SCREEN
The LED touch screen sets up 18 standard folds automatically at the touch of a button. Up to 24 custom folds can be stored in memory.

B DOUBLE FEED DETECTION
The double feed detection sensor prevents mis-folded papers being contaminated to outputs.

C PAPER FEED / SEPARATOR PRESSURE ADJUSTMENT
Paper feed pressure adjustment helps the machine to feed wider range of stocks, and the separator pressure adjustment prevents double feeds.

M FOLDERS

508A

- 508A includes automatic 3-roller friction feed system for efficiency
- Pre-programmed with 18 standard folds and 24 custom folds
- Automatic feed table elevation adjusts for various paper weights
- Color LED touch screen control panel with digital counter included
- Test button folds two sheets for inspection before mass folding
- Automatically recognizes and displays paper size for accurate folding
- Extended exit tray allows neat stacking of folded sheets efficiently
- Single sheet feeding automatically maintained for different paper weights
- Fully enclosed fold tables ensure quiet operation during use
- Optional scoring, perforating (micro & macro), and slitting units offer versatile finishing options

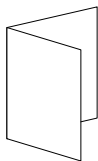

Optional Perf/Score/Kiss-Cut Heads and Tools

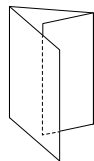

These heads hold rotary tools and can be mounted on an optional perforation/scoring unit.

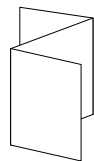

Optional rotary tools include versatile cutting blades.
