

INTRODUCING THE HD-e4100

ELECTRIC ECON-O-ROLL
COIL INSERTER

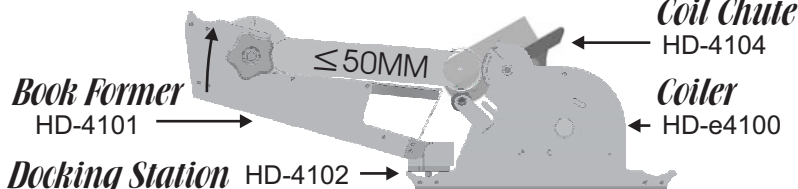

While not as powerful as its big brother, the popular HD-4170, the HD-e4100 offers unique features found only in this economical Rhin-O-Tuff coil inserter.

NEW ECONOMICAL 1 2" COILER INSERTER

UNIQUE FEATURES

- Adjustable lower Roller: (4 way EZ adjustments):**
Adjustable up or down to assist the operator in easier insertion for thicker documents.
- 12" Power Rhin-O-Roll Gripping Roller:**
Inserts all pitches and diameters with less effort.
- Can be operated from the front or back sides:**
Back side operation is used for Left to Right Insertion of Coils exceeding 30mm for easier insertion.
- Optional Interface Module Kit:**
For attachment to any Rhin-O-Tuff Vertical Punch.
- Rhin-O-Tuff Quality:**
Quiet Air Cooled Motor for long usable life.
All metal construction.
1 year limited factory warranty.
- Attachable to NEW EZ-Coil 4101 Book Former:**
The HD-4102 Docking Station Links the HD-e4100 Coil Inserter with the HD-4101 Book Former, Providing Controlled EZ-Coil Insertion with larger coil sizes up to 50MM. The HD-4104 Coil Chute keeps the coil tangle free.
