Air-assist Vibrating Paper Jogger

The PJ-100 Paper Jogger will jog a 95 mm (3.7) lift of paper in a vertical position or a horizontal position to suit your operating requirements. The V-shaped jogger tray allows you to jog a criss-cross stacked pile easily. The PJ-100 is easy to set up and operate. A foot pedal switch starts and stops the jogger so both hands are free.

Vibration Timer, Air-Assist

- The jogger is started and stopped by the foot pedal switch so that you can use both hands.
- The casters at the bottom of the jogger allows you to move the machine to any place as you like.
