Commercial-grade power for highly-sensitive casino game pieces

In the casino and gaming industry, security is a top priority, both on the gaming floor and behind the scenes. Reduce the risk of fraud with the **FD 87 Casino Shredder**. This specially-designed unit combines **user-friendly features** with the **industrial strength needed** to ensure retired gaming pieces stay out of the wrong hands. **Solid-steel cutting blades** and a **heavy-duty motor shred entire decks of playing cards, multiple dice, casino chips, and gaming tokens**. Simply open the **enclosed shredding chamber**, drop in the items, close the latch, and press Start on the **LED Control Panel**. Shredded particles are then collected in the **rugged molded plastic waste bin** for secure disposal.

User-Friendly Control Panel
LED indicators, key lock, large emergency stop button

Heat-Treated Steel Cutting Blades
Durable solid steel blades shred chips, tokens, dice, cards

Chain-Driven AC-Geared Motor
Can shred 3 decks of cards, 20 dice, or 40 casino chips per cycle

Front-Access Waste Bin
Shredder can be placed against a wall to save space

Enclosed Shredding Chamber
Plexiglas cover allows for safe viewing of game piece destruction
